

Kentucky Hospital Association
Hospital Engagement Network Showcase

The Journey Continues . . .

 Kentucky Hospital Association 

March 19, 2014 ● Crowne Plaza Louisville Airport ● Louisville, Kentucky

About the Conference

The Kentucky Hospital Engagement Network will host a conference for hospital patient safety and quality leaders to showcase the latest information on quality and patient safety policy, trends and best practices. The national HEN program began in January 2012 with the support of the CMS Partnership for Patients. Kentucky hospitals have been actively participating in the K-HEN initiative aimed at reducing overall patient harm by 40% and preventable hospital readmissions by 20% since May 2012. We will discuss the future of the HEN program and our improvement focus for 2014. Attendees will also hear from family members about the value of patient and family engagement in our hospitals.

The 2014 Kentucky Hospital Engagement Network Showcase is a great opportunity to get the best of the K-HEN resources on a broad range of topics relevant to today's health care environment. This conference is a great opportunity for hospital leaders to enhance their skills, broaden their knowledge base and exercise their quality improvement work.

Target Audience

This conference is open to representatives from every K-HEN participating hospital. K-HEN encourages nurse leaders, quality directors, infection prevention and other front line staff and directors involved in patient safety and quality improvement to attend.
