

The 2018 A Day for Infection Preventionists is aimed at supporting Kentucky infection prevention professionals in their daily work to reduce health care associated infections and provide quality patient care. The one day conference builds on foundational skills provided in previous educational offerings as well as explores topics with emerging importance. The target audience includes Infection Preventionists, Chief Nursing Officers, Risk Managers, Quality Improvement and Patient Safety personnel in the hospital.

Course Objectives:

At the end of the conference, the participants will be able to:

1. Understand the strategies as an infection preventionists to influence change
2. Identify the role in survey readiness and tactics in engaging front-line staff in Infection Prevention and survey readiness
3. Understand the key elements of Infection Prevention and Environmental Services partnership to achieve HAI reduction
4. Understand the Infection Preventionist role in Sterile Process monitoring
5. Learn best practices for sepsis prevention

Continuing Education Credits

The Kentucky Hospital Research and Education Foundation is an approved provider of continuing nursing educa-

tion by the Kentucky Board of Nursing (KBN). KBN approval of a continuing nursing education provider does not constitute endorsement of program content nor commercial sponsors. This education activity is offered for a maximum of 6.6 contact hours, with offering number 5-0023-1-20-130, expiration date December 31, 2019. In order to receive credit, participants must provide nursing license number at registration, attend the entire educational offering (partial credit WILL NOT be given), and complete the offering evaluation.

Cancellations

A refund of registration fees will be made to those registrants notifying KHA of cancellation five (5) working days prior to the program. A \$25.00 processing fee will be assessed against each refund. No refunds will be made after that date. Substitutions are accepted.

Services for Physically-Challenged Individuals
